I BELLISSIMO! Glaze sono brillanti, intensi e facili da usare a tutti i livelli. Idonei per work shop, studios, ceramic cafe, atelier e scuole. Adatti per tutti i tipi di decorazione: pennello, drops, spugna, hand printing. Si rivelano un ottimo veicolo anche per chi muove i primi passi nella decorazione ceramica.

PREPARAZIONE-APPLICAZIONE-COTTURA

Agitare bene prima dell'uso. Diluire con acqua, se necessario. Applicare da 1 a 3 mani su biscotto. In caso di decorazione a pennello necessitano l'applicazione della cristallina trasparente apiombica HC-0004-D. Applicando 3 mani di prodotto risulteranno brillanti ma possono essere trattati ugualmente con la cristallina per esaltare maggiormente la loro brillantezza. Temperatura di cottura 950°C-1250°C (cono Orton 08-7).

!! Ottimi anche ad alta temperatura (stoneware-porcelain) !!

***BLS 0912-0913: sono sufficienti soltanto due mani!**

BELLISSIMO! Glaze are bright, vibrant, and easy to use for all levels of ceramics. Perfect for workshops, studios, ceramic cafe, and education. Suitable for all kinds of applications: brush, stick, drops, and finger printing. Excellent for those taking their first steps in ceramic decorating.

PREPARATION-APPLICATION-FIRING

Shake well before use. If necessary dilute with water. Apply 1-3 even coats to mature 04 bisque. Allow to dry and then apply brushing or dipping clear glaze as label instructs. Firing temperature 950°-1250°C (Orton cone 08-7).

!! Also perfectly suitable on both stoneware and porcelain !!

***BLS 0912-0913: just two coats!**

Gli engobbi sono proposti in 56 colori diversi. La loro principale caratteristica è la base argillosa che gli conferisce buona copertura sulle ampie superfici e grande facilità di uso. Tutti gli engobbi possono essere usati indifferentemente sia su argilla cruda (greenware) che su biscotto. Perfetti per graffito.

Qualora si desideri una finitura lucida, matt o craquelè applicare una delle cristalline Colorobbia Art sul biscotto engobbiato.

Pasta Bianca a rilievo per contornare, perfetta per l'uso a peretta (HC-0610).

PREPARAZIONE-APPLICAZIONE-COTTURA

Agitare prima dell'uso e, se necessario, diluire con acqua. Applicare da 1 a 3 mani. Applicazione a pennello, spugna, drops, sticks.

Possono essere lasciati alla loro naturale finitura matt oppure trattati con cristallina trasparente apiombica HC-0001-B a pennello o con HC-0004-D ad immersione per una finitura super brillante.

Temperatura di cottura 950°C-1000°C (cono Orton 08-06).

Engobes are ceramic colours offered in 56 different colours. They are clay based which give solid coverage on large surfaces and are easy to use. All engobes can be used both on greenware and bisque.

Use filigrana for a fun raised effect on your pottery. Shake jar well and refill in detail bottle. Gently squeeze bottle to create design on your piece. Filigrana (HC-0610) comes in white only, but a little bit of Bellissimo can be added to change colour for fun effects.

Purchase jars of filigrana (1 pint) and use any detail bottle you have or use Colorobbia detail bottle, which includes two size tips.

PREPARATION-APPLICATION-FIRING

Shake well before use. If necessary dilute with water. Apply 1-3 even coats to mature 04 bisque. Application by brush, sponge, sticks; perfect background for sgraffitoing.

Can be left unglazed to achieve their matte finish.

Apply transparent superclear lead free HC-0001-B by brush or HC-0004-D dipping to achieve super brilliant finish.

Airbrush application for professional use only.

Firing temperature 950°-1000°C (Orton cone 08-06).

La serie Fairy Dust aggiunge un effetto scintillante ad ogni progetto ceramico. Usare 1-2 mani su ogni pezzo per ottenere un miglior risultato.

PREPARAZIONE-APPLICAZIONE-COTTURA

Utilizzando una copertura totale del pezzo, i Fairy Dust non necessitano dell'applicazione di cristallina.

Possono essere utilizzati in combinazione con altre serie come BLS o Engobbi.

La "Dust" all'interno del prodotto è molto contaminante così suggeriamo di utilizzare pennelli dedicati.

Fairy Dust sono atossici, senza piombo, e "Food Safe".

La confezione è di 8 oz. (236 ml.).

Colorobbia Fairy Dust adds a sparkly effect to any project. Use 1-2 solid coats on any piece for an intensely sparkly look.

PREPARATION-APPLICATION-FIRING

Achieve translucent coverage with 1-2 coats. Dipping in clear glaze NOT needed.

Can be used in combination with other glazes and overglazes.

"DUST", inside this glaze formula, is very contaminating so we do suggest to use dedicated brushes.

Lead-free and food safe.

Packaging in 8.oz squeeze bottles only.
